GOP Gets Fresh Start

Lockhart Hires New Staff for the Utah State Party

SALT LAKE CITY - State Republican Party Chair Stan Lockhart has hired Ivan DuBois as State Party Executive Director, Kitty Dunn as Political Director and Land Reay as Information Systems/Office Manger. Veteran political consultant Dave Hansen will continue to provide staff support.

“These individuals were selected from a large pool of qualified applicants,” said Lockhart. “This is the team that has the combination of qualities I need to do the job right; to run Party headquarters, stay out of debt, and communicate Republican values to the citizens of the State of Utah.”

Ivan DuBois is a Salt Lake County native. Over the past two years he has helped the state party organize caucus meetings, county conventions, and the State Organizing Convention. For two years he has also worked for the legislature, serving as a media assistant in the Utah State Senate Majority. Ivan holds a B.S. Degree in Communication.

Political Director Kitty Dunn will work closely with county parties and other organizations as the 2008 election cycle approaches. Her political experience is extensive, covering many years. Most recently, she worked as Northern Director for the 2006 Hatch Campaign.

Information Systems/Office Manager Land Reay has worked as the Salt Lake County Republican Party Political Director for the past year, and will now manage the state party’s information systems, data and will have responsibility for general office matters.

Lisa Tolk will continue to serve as the State Party Controller and will oversee the party’s legal compliance and accounts receivable and payable.

Lockhart observed, “We believe in the principles that can save our country: personal responsibility, limited government, and traditional values. This is the team that can communicate that message to citizens in 2008.”
